

THIS WEEKEND!

Moths in Castle Wood

Friday 23 August
&
Saturday 24 August

Stuart Graham and Alison Robertson will be mothing in Castle Wood this Friday night (23 Aug) and Saturday morning (24 Aug) if anyone from Caerlaverock would like to join us. These are impromptu events and totally informal – we only had the idea two days ago.

On Friday night we'll be in the wood from 9.30 pm. Park at Castle Corner. Walk out of the car park and turn right. After the campervan park there's a telegraph pole, and after that a hardcore foresters' track leading into the wood. We'll be a few metres along that track. We'll have a white sheet hanging up with a light against it and - with your help - it'll be a case of catching any moths that arrive, putting them in pots to identify them, and letting them go again. Stay for as long as you wish, there's no set end-time.

Saturday morning

At 0900 on Saturday morning we'll be at the Castle Corner car park picnic tables going through a moth trap we put out on Friday night. Again, we'd be delighted if anyone would like to join us. We'd expect to be away by 10.30.

No need to book. Just turn up with a torch for walking along the road, and don't forget that midgie repellent.
